INTRODUCTORY STATEMENT

The director of the Department of Labor and Industries appointed the Washington State Apprenticeship and Training Council (WSATC) as the regulatory body responsible for developing, administering, and enforcing apprenticeship program standards (Standards) for the operation and success of apprenticeship and training programs in the State of Washington. Apprenticeship program sponsors function, administer, or relinquish authority only with the consent of the WSATC. Furthermore, only apprentices registered with the supervisor or recognized under the terms and conditions of a reciprocal agreement will be recognized by the WSATC. Parties signatory to these standards of apprenticeship declare their purpose and policy is to establish and sponsor an organized system of registered apprenticeship training and education.

These Standards are in conformity and are to be used in conjunction with the Apprenticeship Rules, chapter 296-05 WAC (Washington Administrative Code); Apprenticeship Act, chapter 49.04 RCW (Revised Code of Washington); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which govern employment and training in apprenticeable occupations. They are part of this apprenticeship agreement and bind all signers to compliance with all provisions of registered apprenticeship. Additional information may need to be maintained by the program sponsor that is supplemental to these apprenticeship standards. This information is for purposes of ensuring compliance with decisions of the WSATC and the apprenticeship laws identified above.

If approved by the council, such amendment/s and such changes as adopted by the council shall be binding to all parties. Program sponsors shall notify apprentices and employer training agents (if applicable) of changes when they are adopted by the council. If and when any part of these Standards becomes illegal, as pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Department of Labor and Industries (Department) may adopt language that will conform to applicable law. The remainder of the Standards will remain in full force and effect.

Sections of these standards identified as bold “insert text” fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of the standards are boilerplate and may only be modified by the WSATC.

See WAC 296-05-003 for the definitions necessary for use with these Standards.

Sponsor Introductory Statement (Optional)

These Standards have been developed by representatives of the Washington and Northern Idaho District Council of Laborers, the Seattle, Tacoma Chapter of the A.G.C., Inland Northwest Chapter of the A.G.C.; the Oregon Columbia Chapters of the A.G.C.; and the City of Seattle, in conjunction with the Public Service & Industrial Employees Local 1239 of the Laborers International Union - AFL-CIO; and the Puget Sound Metal Trades

Also, the WSATC may recognize and approve out-of-state apprenticeship programs and standards if certain conditions are met and the out-of-state sponsoring entity requests it (see WAC 296-05-327). 1. Is the period following the apprentice's registration into the program and during which the apprentice's appeal rights are impaired. The initial probation must not exceed twenty percent (20%) of the term of apprenticeship or one year from date of registration, unless an exemption by the WSATC has been granted for longer probationary periods as specified by Civil Service or law.

2. Is the period that the WSATC or the supervisor of apprenticeship may terminate an apprenticeship agreement at the written request by any affected party. A. **Laborers**

1. An employer employing one or more Journey-level laborers may employ apprentices per the below Apprentice Ratio Chart. This is to be interpreted as per job (contract not per crew or per contractor (employer). 4. The proper ratio of journey-level laborers to apprentices will be maintained when reducing the work force and when transferring employees from project to project. When performing overtime or emergency work, journey-level laborers will be given preference. The above ratio will be followed as closely as possible.

5. The apprentice to journey-level ratios established above may be altered on a project by project basis depending on the availability of current apprentices.

6. The apprentice to journey-level worker shall never exceed a one to one (1:1) ratio.

2. On special project agreements, the contractors may employ apprentices at the ratio of one (1) apprentice for each journey-level laborer in compliance with the project agreement.

3. The proper ratio of journey-level laborers to apprentices will be maintained when reducing the work force and when transferring employees from project to project. When performing overtime or emergency work, journey-level
laborers will be given preference. The above ratio will be followed as closely as possible.

4. The above ratio is subject to the availability of apprentices.

C. Laborer (City of Seattle)

1. An employer employing one or more journey-level laborers may employ an apprentice for each four (4) laborers.

2. The above ratio is subject to the availability of apprentices.

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

The apprentice will be paid a progressively increasing schedule of wages based on specified percentages of journey-level wage consistent with skills acquired [WAC 296-05-316(27)]. These may be indicated in hours or monthly periods set by the sponsor. The entry wage will not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable federal law, state law, respective regulations, or by collective bargaining agreement.

The sponsor may accelerate, by an evaluation process, the advancement of apprentices who demonstrate abilities and mastery of the occupation to the level for which they are qualified. When the apprentice is granted advanced standing the sponsor must notify the employer/training agent of the appropriate wage per the wage progression schedule specified in these Standards.

TOTAL HOURS: 4000
IX. RELATED/SUPPLEMENTAL INSTRUCTION:

The apprentice must attend related/supplemental instruction (RSI). Time spent in related/supplemental instruction shall not be considered as hours of work and the apprentice is not required to be paid for time spent in related/supplemental instruction.

The sponsor and training agent must provide for instruction of the apprentice during the related/supplemental instruction in safe and healthful work practices in compliance with the Washington Industrial Safety and Health Act, and applicable federal and state regulations.

Clock hours of actual attendance by the apprentice in related/supplemental instruction classes at the community/technical college or other approved training locations shall be reported to the Department on a quarterly basis. Such reports will clearly identify paid versus unpaid and supervised versus unsupervised RSI time for industrial insurance purposes.

For industrial insurance purposes, the WSATC will be considered as the employer should any supervised apprentice, not being paid to attend RSI, sustain an injury while participating in related/supplemental classroom activity, or other directly related activity outside the classroom. The activities must be at the direction of the instructor.

In case of failure on the part of any apprentice to fulfill the obligation to attend RSI, the sponsor has authority to take disciplinary action (see Administrative/Disciplinary Procedures section).

The methods of related/supplemental training must consist of one or more of the following (please indicate by checking those that apply):

(X) Supervised field trips

(X) Approved training seminars (specify)

(X) A combination of home study and approved correspondence courses (specify)

(X) State Community/Technical college

(X) Private Technical/Vocational college

(X) Training trust

(X) Other (specify): Courses and facilities as approved by the JATC.

Laborers and Laborers (Shipyard Workers)

160 Minimum RSI hours per year, (see WAC 296-05-316(6)):
Laborers (City of Seattle)
180 Minimum RSI hours per year, (see WAC 296-05-316(6)):

(X) two-thousand hours of on the job training.

Additional Information:
NONE

X. ADMINISTRATIVE/DISCIPLINARY PROCEDURES:

Sponsors may include in this section requirements and expectations of the apprentices and training agents and an explanation of disciplinary actions that may be imposed for noncompliance. The sponsor has the following disciplinary procedures that they may impose: Disciplinary Probation, Suspension, or Cancellation.

Disciplinary Probation: A time assessed when the apprentice's progress is not satisfactory. During this time the program sponsor may withhold periodic wage advancements, suspend or cancel the apprenticeship agreement, or take further disciplinary action. A disciplinary probation may only be assessed after the initial probation is completed. During the disciplinary probation, the apprentice has the right to file an appeal of the sponsor's action with the WSATC (as described in WAC 296-05-009).

Suspension: A suspension is a temporary interruption in progress of an individual's apprenticeship program that may result in the cancellation of the Apprenticeship Agreement. Could include temporarily not being allowed to work, go to school or take part in any activity related to the Apprenticeship Program until such time as the sponsor takes further action.

Cancellation: Refers to the termination of an apprenticeship agreement at the request of the apprentice, supervisor, or sponsor. [as described in WAC 296-05-316(22)].

A. General Procedures

1. Laborer and Laborer (Shipyard Worker)

Apprentices will be required to take drug tests.

The results of all employer administered substance abuse tests shall be furnished to the training program. Failure of a substance abuse test will result in disciplinary action and/or termination from the apprenticeship program.
Disciplinary Action:

First offense: 30 days of non-eligibility for out-of-work-list registration.

Second offense: Termination from the Apprenticeship Program.

2. Laborer (City of Seattle)

As determined and set forth by the Sub-Committee or under the collective bargaining agreement.

B. Local Apprenticeship Committee Policies

1. Must accept all job referrals within the 60-70 mile radius of their normal dispatch.

Exception: An apprentice has the right to refuse work prior to dispatch under the Memorandum of Understanding for Private Residential/Mixed Use Building Work. An apprentice may not quit a job under this agreement once dispatched.

2. Must place themselves on the out-of-work list (OOWL) when not working for an authorized training agent.

3. Must send in work process hours as required by the Northwest Laborers JATC (once per week when working and once per month when not working).

5. An apprentice may turn down work in the classification of traffic control after 400 hours of on-the-job training have been completed prior to dispatch, but the apprentice may not quit in the middle of a job or if already dispatched.

6. Refusal or inability to take a drug test shall be considered a failure.

a. First unexcused absence: A letter of warning from the apprenticeship program will be sent by regular mail to the apprentice explaining the consequences of failing to participate in mandatory training requirements. The Coordinator will make every effort to contact the apprentice by phone or in person to explain the consequences of additional unexcused absences. The Coordinator will make every effort to contact the contractor to determine the reason for the
apprentice's failure to attend mandatory related training. The Coordinator will assign a replacement class date at this time.

b. Second unexcused absence: The Coordinator and Business Manager (or his designee) will meet with the apprentice at a designated location and notify the apprentice of their requirement to attend a local Joint Entrant Training Committee (JETC) meeting and explain or account for their actions. The Coordinator will assign a replacement class date at this time. The JETC will hear the apprentice's argument and explain the consequences for any additional unexcused absences from mandatory related training. The JETC will notify the apprentice that a third unexcused absence may result in termination from the apprenticeship program. The apprentice will also be required to sign a document that they understand the consequences of another unexcused absence.

c. Third unexcused absence: The apprentice may be suspended from work and school until meeting with JETC. The apprentices will be sent a 20-day notification letter notifying them of the requirement to attend and next JETC meeting and why. Failure to attend the JETC meeting could result in immediate termination of apprenticeship agreement.

9. The Northwest Laborers Apprenticeship Committee may delegate day to day operations that may include administration/disciplinary responsibilities to its local subcommittee with assurance that the Northwest Laborers Apprenticeship Committee will review all actions that are required by the Washington State Apprenticeship and Training Council to be reported to the Department of Labor and Industries. Sub-Committees and their members herein defined will hold meetings under the quorum of approved sub-committee members. Northwest Laborers Apprenticeship Committee interpretation of quorum for sub-committee members is one employer and one employee member present during sub-committee meetings.

C. Complaint and Appeal Procedures:

All registered programs must establish procedures explaining the program's complaint review process. Complaints that involve matters covered by a collective bargaining agreement are not subject to the complaint review procedures in this section.

Complaint (after initial probation completed) – WAC 296-05-009 and 296-05-316(22)

- Must specify reasons supporting the request
- Request and supporting documents must be given to all parties
- WSATC must conduct the hearing in conjunction with the regular quarterly meeting

Within: 30 calendar days after hearing
- WSATC to issue written decision

XI. COMMITTEE – RESPONSIBILITIES AND COMPOSITION

NOTE: The following is an overview of the requirements associated with administering an apprenticeship committee and/or program. These provisions are to be used with the corresponding RCW and/or WAC.

The sponsor is the policymaking and administrative body responsible for the operation and success of this apprenticeship program. A committee is responsible for the day-to-day operations of the apprenticeship program and they must be knowledgeable in the
process of apprenticeship and/or the application of chapter 49.04 RCW and chapter 296-05 WAC. Sponsors must develop procedures for:

A. Committee Operations (WAC 296-05-316): (Not applicable for Plant Programs)

Convene meetings at least three times per year of the program sponsor and apprenticeship committee attended by a quorum of committee members as defined in the approved Standards. If the committee does not indicate its definition of quorum, the interpretation will be “50% plus 1” of the approved committee members. Conference call meetings may be conducted in lieu of regular meetings but must not exceed the number of attended meetings and no disciplinary action can be taken during conference call meetings.

B. Program Operations (Chapter 296-05 WAC - Part C & D):

1. The program sponsor will record and maintain records pertaining to the administration of the apprenticeship program and make them available to the WSATC or Department on request.

Records required by WAC 296-05-400 through 455 (see Part D of chapter 296-05 WAC) will be maintained for five (5) years; all other records will be maintained for three (3) years.

2. The sponsor will submit to the Department through the assigned state apprenticeship consultant the following list:

Forms are available on line at http://www.lni.wa.gov/TradesLicensing/Apprenticeship/FormPub/default.asp or from your assigned apprenticeship consultant.

- Apprenticeship Agreements – within first 30 days of employment
- Authorization of Signature forms - as necessary
- Approved Training Agent Agreements (sponsor approving or canceling) – within 30 days
- Minutes of Apprenticeship Committee Meetings – within 30 days of meeting (not required for Plant program)
- Request for Change of Status - Apprenticeship/Training Agreement and Training Agents forms – within 30 days of action by sponsor, with copy of minutes
- Journey Level Wage Rate – annually, or whenever changed
- Request for Revision of Standards - as necessary
- Request for Revision of Committee - as necessary
- Related Supplemental Instruction (RSI) Hours Reports (Quarterly):
  1st quarter: January through March, by April 10
  2nd quarter: April through June, by July 10
  3rd quarter: July through September, by October 10
  4th quarter: October through December, by January 10
- On-the-Job Work Hours Reports (bi-annual)
1st half: January through June, by July 30
2nd half: July through December, by January 31

3. The program sponsor will adopt, as necessary, local program rules or policies to administer the apprenticeship program in compliance with these Standards that must be submitted for Department approval and updating these Standards. The apprenticeship program manager may administratively approve requests for revisions in the following areas of the Standards:
   - Program name
   - Sponsor’s introductory statement (if applicable)
   - Section III: Conduct of Program Under Washington Equal Employment Opportunity Plan
   - Section VII: Apprentice Wages and Wage Progression
   - Section IX: Related/Supplemental Instruction
   - Section XI: Committee - Responsibilities and Composition (including opening statements)
   - Section XII: Subcommittees
   - Section XIII: Training Director/Coordinator

4. The sponsor will utilize competent instructors as defined in WAC 296-05-003 for related/supplemental instruction. Furthermore, the sponsor will ensure each instructor has training in teaching techniques and adult learning styles, which may occur before or within one year after the apprenticeship instructor has started to provide instruction.

C. Management of Apprentices:

1. Each apprentice (and, if under 18 years of age, the parent or guardian) will sign an apprenticeship agreement with the sponsor, who will then register the agreement, with the Department before the apprentice attends the related/supplemental instruction classes, or within the first 30 days of employment as an apprentice. For the purposes of industrial insurance coverage and prevailing wage exemption under RCW 39.12.021, the effective date of registration will be the date the agreement is received by the Department.

The Department must be notified within 30 days of program approval, of all requests for disposition or modification of agreements, with a copy of the minutes approving the changes, which may be:
   - Certificate of completion
   - Additional credit
   - Suspension (i.e. military service or other)
   - Reinstatement
   - Cancellation and/or
   - Corrections
2. Rotate apprentices in the various processes of the skilled occupation to ensure the apprentice is trained to be a competent journey-level worker.

3. Periodically review and evaluate apprentices before advancement to the apprentice's next wage progression period. The evidence of such advancement will be the record of the apprentice's progress on the job and during related/supplemental instruction.

4. The sponsor has the obligation and responsibility to provide, insofar as possible, continuous employment for all apprentices in the program. The sponsor may arrange to transfer an apprentice from one training agent to another or to another sponsor when the sponsor is unable to provide reasonably continuous employment, or they are unable to provide apprentices the diversity of experience necessary for training and experience in the various work processes as stated in these Standards. The new sponsor or training agent will assume all the terms and conditions of these Standards. If, for any reason, a layoff of an apprentice occurs, the apprenticeship agreement will remain in effect unless canceled by the sponsor.

5. An apprentice who is unable to perform the on-the-job portion of apprenticeship training may, if the apprentice so requests and the sponsor approves, participate in related/supplemental instruction, subject to the apprentice obtaining and providing to the sponsor written requested document/s for such participation. However, time spent will not be applied toward the on-the-job portion of apprenticeship training.

6. Hear and adjust all complaints of violations of apprenticeship agreements.

7. Upon successful completion of apprenticeship, as provided in these Standards, and passing the examination that the sponsor may require, the sponsor will recommend that the WSATC award a Certificate of Completion of Apprenticeship. The program will make an official presentation to the apprentice that has successfully completed his/her term of apprenticeship.

D. Training Agent Management:

1. Offer training opportunities on an equal basis to all employers and apprentices. Grant equal treatment and opportunity for all apprentices through reasonable working and training conditions and apply those conditions to all apprentices uniformly. Provide training at a cost equivalent to that incurred by currently participating employers and apprentices. Not require an employer to sign a collective bargaining agreement as a condition of participation.

2. Determine the adequacy of an employer to furnish proper on-the-job training in accordance with the provisions of these Standards. Require all employers requesting approved training agent status to complete an approved training agent
agreement and comply with all federal and state apprenticeship laws and the appropriate apprenticeship Standards.

3. Submit approved training agent agreements to the Department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval. Submit rescinded approved training agent agreements and/or the list of approved training agents to the Department within thirty days of said action.

E. Composition of Committee: (see WAC 296-05-313)

Apprenticeship committees must be composed of an equal number of management and non-management representatives composed of at least four members but no more than twelve. If the committee does not indicate its definition of a quorum, the interpretation will be "50% plus 1" of the approved committee members.

Apprenticeship committees shall elect a chairperson and a secretary who shall be from opposite interest groups, i.e., chairperson-employers; secretary-employees, or vice versa; EXCEPT, this does not apply where the Registration Agency represents the apprentice(s).

For plant programs the WSATC or the Department designee will act as the employee representative.
